**RESPONSIBILITY FOR PAYMENT/
ASSIGNMENT OF BENEFITS**

This document applies to care and treatment I receive at Straith Hospital for Special Surgery and its outpatient clinics, including in-person and telemedicine services (individually and collectively referred to as “Straith Hospital”).

I agree to pay Straith Hospital and any independent professional(s) involved in my diagnosis, care and treatment, for all health care items and services (including all in-person and telemedicine services) provided to me, and authorize Straith Hospital and all such independent professionals to bill Medicare, Medicaid and any other insurance programs for which benefits may be available to pay for any health care items and services provided to me.

I hereby assign to Straith Hospital and all independent professionals involved in my diagnosis, care and treatment all of my rights and claims to payment and reimbursement for all of the health care items and services provided to me (including all in-person and telemedicine services), and authorize payment for such items and services to be made directly to Straith Hospital or independent professionals, as applicable. This assignment is primary to any assignment given after this date, including any cost relative to attorney fees, and will remain in effect until I revoke it in writing. A photocopy of this assignment is to be considered as valid as the original.

I understand and acknowledge that:

- I am responsible to obtain authorization from my insurance company, if requested, before service is rendered. If I do not pre-certify for such services, my benefits may be reduced or lost, but I will still be responsible for paying Straith Hospital for the items and services rendered. Any questions I have regarding my health insurance coverage or benefit levels should be directed to my health plan.
- Straith Hospital maintains a list of all health plans with which it contracts. A list of these health plans is available upon request.
- My insurance coverage may require that some portion of the bill will remain my personal responsibility, such as my deductible, co-payment or co-insurance, and I agree to pay such amounts timely and in full.
- I may receive separate invoices for the services provided to me by Straith Hospital and independent professionals involved in my care, who may not be participating providers in my insurance plan or network, and I may have greater financial responsibility for their services if they are not under contract with my health insurance plan.

I also understand I may be billed for any charges not paid by my insurer, and I will be responsible for paying them (including, for example, charges for any additional day(s) I remain at Straith Hospital after being discharged as an inpatient). To the extent Straith Hospital determines, prior to providing any items and services to me, that any of the items or services included in my plan of care are not covered by my insurance because they are deemed “medically unnecessary” or otherwise, Straith Hospital will use reasonable efforts to notify me of the applicable charges for such items and services, and if I elect to receive such items and services, then I will be responsible to personally pay for them.

Straith Hospital for Special Surgery
 23901 Lahser Road
 Southfield, MI 48033-6035

I understand that certain payments may be required at the time of, or in advance of, services being provided, and that an admission deposit or acceptable insurance may be required for admission to Straith Hospital. If I am uninsured or having difficulty paying my Straith Hospital bill, I understand that Straith Hospital has financial options that may be of assistance to me. I understand that I will be required to provide financial information to Straith Hospital for it to determine my eligibility for these programs. Further information regarding financial assistance is available upon request.

I acknowledge and agree that Straith Hospital is entitled to recover the full amount owed for the items and services provided to me, and I agree to pay collection costs and expenses, including reasonable attorney's fees and court costs, resulting from the collection of my accounts.

Today's Date: _____

This document applies to care and treatment I receive at Straith Hospital for Special Surgery and its outpatient clinics, including in-person and telemedicine services (individually and collectively referred to as "Straith Hospital").

CONSENT TO MEDICAL SERVICES

I authorize and consent to medical, diagnostic, and therapeutic procedures and treatment, and authorize the physicians, mid-level professionals and other healthcare providers who may be involved in my care to provide such treatment, items and services as deemed reasonably necessary or advisable for the care I am seeking or as may otherwise be advisable for my well-being. These include, but are not limited to, diagnostic, radiology and laboratory procedures, administration of routine drugs, biologicals and other therapeutics, medical, nursing and hospital care, and telemedicine services.

I understand, acknowledge and agree that:

1. Practice of medicine is not an exact science, and that no guarantees, promises or assurances have been, or can be, made to me regarding the results that may be obtained, the likelihood of success or the consequences that may follow any in-person or telemedicine service, examination, treatment or diagnosis, or any procedure, test or surgery performed at Straith Hospital.
2. In emergency situations, it may be necessary or advisable for the physicians to perform additional or extended services beyond those contemplated at the time of admission in order to preserve my life and health, and I consent to these services.
3. My treatment and care are directed by my physician, and that the Straith Hospital personnel render care and services according to my physician's instructions. I understand that health care providers in training, including medical students and resident physicians, may be involved in my care and treatment, and I consent to their involvement.
4. The physicians on staff at Straith Hospital are not all employees or agents of Straith Hospital, and some are independent contractors or independent physicians who have been granted the privilege of using the facility for the care and treatment of their patients. I understand that a physician may not always be in the Hospital; however, there is **ALWAYS** a physician on call.

CONSENT TO TESTING

I consent to collecting specimens of my blood, urine, tissue or other bodily fluids in connection with diagnostic testing or other procedures ordered by my physician, and I authorize the examination, use, storage and disposal of all tissue, fluids and specimens removed from my body. I understand that if any health care provider at Straith Hospital sustains a percutaneous (through the skin), mucous membrane (through the mouth or eye), or open

wound or other significant exposure to my blood or other bodily fluids, I may be tested for HIV (the virus that causes AIDS), Hepatitis B, Hepatitis C, and/or RPR; and I consent to such testing. The results of any such testing will be treated confidentially.

CONSENT TO THE USE OF BLOOD PRODUCTS

I consent to the use of blood, blood plasma or blood products, if the physician(s) think it is reasonably necessary. I realize that complications (including the transmission of hepatitis, AIDS or other communicable diseases) may sometimes occur unavoidably and inherently from the receipt of blood, blood plasma or other blood products.

NOTICE OF PRIVACY PRACTICES

I have received and reviewed the Straith Hospital's Notice of Privacy Practices that contains information about how Straith Hospital may use and disclose certain protected health information (or "PHI", as this term is defined by HIPAA), whether in paper, electronic, photographic and other format, that identifies me and that may consist of my past, present or future physical or mental health or condition and/or the provision of health care items or services to me. Straith Hospital may, from time to time, change its privacy practices, consistent with the requirements of HIPAA and the State of Michigan requirements.

USE AND DISCLOSURE OF HEALTH INFORMATION

Straith Hospital and its employed and other physicians authorized to provide medical services at Straith Hospital, mid-level professionals, other health care providers and staff have the right to use and disclose PHI, such as medical records and information about the appointments, tests, treatments, and/or other information pertinent to the health care or payment for the items and services provided to me at Straith Hospital, for all activities that are included within the definitions of "treatment," "payment" and "health care operations" (as these terms are defined by HIPAA) and for other lawful purposes, as described in more detail in the Straith Hospital's Notice of Privacy Practices. I understand, acknowledge and consent to the use and disclosure of my PHI for these purposes.

PROCUREMENT OF INFORMATION

I authorize Straith Hospital to obtain my PHI from other health care professionals and providers (including physicians, hospitals, nursing homes, home health agencies, pharmacies and other health care facilities) as may be necessary for my health care or to facilitate treatment, and authorize all of these health care professionals and providers to disclose my PHI to Straith Hospital. This authorization covers multiple requests for and disclosures of PHI.

PATIENT RIGHTS AND RESPONSIBILITIES

I have received and reviewed the Patient Rights and Responsibilities booklet and have had an opportunity to review its contents.

I understand that I have the right, and the responsibility, to participate in and make decisions concerning my care and treatment, including the right to refuse medical and surgical procedures. I understand that I have the right to be informed about the treatment being recommended, and the responsibility to ask questions if I do not understand it. I agree to provide accurate and complete information about my health history and present complaints, and to follow an agreed upon treatment plan. I agree to participate and cooperate in my own care and treatment. I understand that my health care providers will treat me with respect, and I agree to do the same for them.
